

EXPERIENCE SUMMARY

Mr. Clea is a Senior Project Manager with over 15 years in the management of environmental health and safety (EHS) engineering projects with specialties in industrial compliance services, permitting, and EHS Culture assimilation. His direct services include managing, organizing, executing and coordinating industrial projects, including a variety of EHS compliance initiatives, environmental permitting, inspections and training services.

Mr. Clea's professional experience includes industrial facilities compliance management, ambient air quality permitting, Industrial Hygiene sampling, EHS compliance auditing, regulatory compliance evaluations and reporting. Micheal has conducted Phase I and Phase II Environmental Site Assessments, soil and groundwater investigations for chlorinated solvents, metals, PCBs, volatile and semi-volatile organic compounds and petroleum hydrocarbons for law firms, real estate developers, industry, publicly and privately held corporations. His experience also includes serving as regulatory communication liaison, OSHA health and safety trainer for both General and Construction industries, stormwater and NPDES discharge permitting, site assessments/investigations and supporting activities for facilities across multiple sectors.

During his time as an EHS Facilities Manager and Regional EHS Manager for large industrial facilities, he led efforts that ensured corporate environmental compliance and established a strong culture of safety awareness. He also led two different facilities to 1 year Zero lost time and Zero Environmental incident status during this time.

As a consultant, Mr. Clea has demonstrated a proficiency in determining client/company regulatory requirements, identifying compliance strategies, recommending corrective measures whenever applicable and impacting the EHS culture of industrial facilities. He also has a strong understanding of ambient air pollution control strategies, regulation and permitting requirements. He has performed permitting activities for facilities throughout this country including Arizona, California, North Carolina, South Carolina, Georgia, Florida, and Pennsylvania.

EDUCATION

MBA- Business Management & Organizational Leadership - 2010

BA- Environmental Engineering/ Environmental Resource Management (IS) - 2001

CERTIFICATIONS

- Federal OSHA Outreach Trainer
- Certified Safety Management Practitioner (CSMP)
- Manager of Environmental Safety & Health (MESH) North Carolina
- Licensed Asbestos Building Inspector & Supervisor
- Air Quality Opacity Reader

FIELDS OF SPECIALIZATION

In addition to the environmental background described above, Mr. Clea's professional expertise includes the following areas:

Environmental Consulting

- a. Ambient Air Quality Compliance Management
- b. Air Quality Permitting (PSD, Title V, Synthetic Minors Sources),
- c. Screen 3 Air Emissions Modeling
- d. Indoor Air Quality Surveys & Industrial Hygiene sampling,
- e. Best Management Practices (BMP) Plans for Industrial Facilities
- f. Industrial Tier II Inventories, TRI Reporting
- g. Asbestos Surveys and abatement supervision (Residential, Commercial)

Safety Consulting

- h. General Industry G.A.P. EHS Auditing,
- i. Approved OSHA General Industry Training
- j. OSHA Compliance Audits,
- k. Job Safety Analysis & Safe Work Practices,
- l. Site Safety Culture evaluation and Assimilation training

AFFILIATIONS & TRAINING

EPA Air Quality Permitting
EPA Air Emissions Inventory Training
Federal OSHA Outreach Train the Trainer
OSHA 40 Hour Hazardous Waste Operation and Emergency Response
OSHA 8 Hour Manager/Supervisor
Confined Space Entry
Accident/Incident investigation,
Root Cause Analysis
AHERA Asbestos Inspector
AHERA Asbestos Supervisor
North Carolina Safety Council
National Association of Safety Professionals
